The Directors are responsible for preparing the Annual report and the financial statements in accordance with applicable Iriah Law and generally accepted accounting practice in Ireland including the accounting standards issued by the Accounting Standards Board

Company law requires the directors to prepare financial statements for each financial period which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently
- make judgements and estimates that are reasonable and prudent
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper books of account which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure the financial statements comply with the Companies Acts, 1963 to 2013 and all Regulations to be construed as one with those Acts. They are responsible for ensuring that the company otherwise complies with the provisions of those Acts relating to financial statements in so far as they are applicable to the company. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and hence to prevent and detect fraud and other it regularities.
